Global Parcel Delivery Company Renews Contract with e-LYNXX Corporation

CHAMBERSBURG, PA – A dominant company in the worldwide parcel delivery industry has renewed its contract to procure print materials through e-LYNXX Corporation, a leader in procurement innovation and management in the United States and Canada.

“We are pleased to continue our long-standing relationship with this international leader,” said William Gindlesperger, chief executive officer of e-LYNXX. “While we have a policy of not naming our clients, we think it is important for business decision makers to know that our services are being widely used by major organizations across a broad spectrum of sectors, both for-profit and not-for-profit.”

With its patented AVS (automated vendor selection) Technology™, proprietary web-based communications and workflow system and best procurement practices, e-LYNXX offers organizations services that streamline their procurement process and reduce costs for procured goods and services by 25% to 50%. Gindlesperger said current clients are averaging a 42% savings on direct mail, marketing, publications, labels, packaging, commercial print and a host of other print categories and the savings translate into 1% to 3% of gross revenues being added to the organization’s bottom line.

Among e-LYNXX’s other customers are leaders in the electric utility, health services, construction materials, heavy equipment manufacturing, grocery, financial, computer, higher education, association, non-profit and other sectors.
